This Contract is subject to the Federal Transit Administration's (FTA) Buy America requirements. The following Buy America Certificate must be completed and submitted with the proposal. A proposal which does not include the Certificate may be considered non-responsive. A waiver from the Buy America requirement may be sought by the State if grounds for the waiver exist.

The bidder/proposer agrees to comply with 49 U.S.C. 5323(j) and 49 CFR Part 66481, which provide that Federal funds may not be obligated unless steel, iron, and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR 66481.7, and include final assembly in the United States for 15 passenger vans and 15 passenger wagons produced by Chrysler Corporation, microcomputer equipment, software, and small purchases (currently less than \$100,000) made with capital, operating, or planning funds. Separate requirements for rolling stock are set out at 5323(j)(2)(C) and 49 CFR 66481.11. Rolling stock not subject to a general waiver must be manufactured in the United States and have a 60 percent domestic content. A bidder/proposer must submit to WSF the appropriate Buy America certification (below) with all bids/proposals on FTA-funded contracts, except those subject to a general waiver. Bids/Proposals that are not accompanied by a completed Buy America certification will be rejected as nonresponsive. This requirement does not apply to lower tier subcontractors.
